

# Legends Icon 6 in 1 Cluster - Template - (Print at 100% scale)

Use this provided template to mark out the opening needed to fit the Gauge Cluster. Make sure that there is adequate clearance behind the desired mounting location.

The mounting screw holes are 11.125" apart (center to center).

With the *correct sized opening cut* and the *mounting screw holes drilled*, insert the Gauge Cluster into the dash and use the provided screws to mount the cluster to the dash.
