

## Installation Instructions: Mitsubishi Eclipse 95-99 - Dual Cluster Pod

Model# 20012 (grommets and screws)

### Removal of Factory bezel:

1. Remove both screws from top of factory bezel.
2. Pull straight out on the bottom of the bezel to release clips. Pull on one side of the bezel at a time (to the left and right side of the steering wheel).

### Installation of Gauge Pod:

1. Press white grommets into the dash in the same location as the factory clips would snap in.
2. Install gauges in pod (Gauges are a press fit).
3. Install gauge pod using factory screws in the top and install provided screws in the bottom.

Note: Tighten lower screws enough to hold the pod against the dash. Over tightening will pull grommets from dash.
